

EARTH TREMOR PLAINLY FELT IN TOWNS NORTH

Dishes and Window Panes Broken from Unknown Cause

SPRINGFIELD, Ill., Nov. 9.—What is believed to have been a single earth tremor was felt to night in several towns in Cass, Mason and Menard counties within an area of 45 miles of this city. The seismic disturbance was of such intensity that it broke dishes in houses and shattered window panes.

The towns which reported the tremor were Chandler, Virginia, Tallula, Saldora, Kibbourn, Virginia and Oakford. Residents of Tallula where the tremor was felt at 10 o'clock believed there had been a serious explosion in or near Peoria. Several other towns then reported the tremor.

At Tallula and Chandler residents declared dishes were broken, window panes shattered and furniture in the rooms of houses rocked. It was declared the shock felt like an explosion of an underground gaspise line.

A phone survey of other towns near the affected area disclosed the information that no shock had been felt. No earth disturbance of any sort was felt in this city.

FEDERAL JUDGE SAYS BREWERIES MAY NOT BE SEIZED ENTIRELY

Only Illicit Product and Machinery Used Pro- ducing it

PHILADELPHIA, Nov. 9.—Federal Judge McKeehan, in a decision today holding that a search warrant does not authorize prohibition agents to seize the entire plants of breweries but only intoxicating liquors illegally manufactured and the appurtenances used in the manufacture, advised federal prohibition authorities to use "some discretion and judgment" in the execution of search warrants, and warned them there is a penalty of a fine or imprisonment for exceeding their authority.

The court held that the seizure of the whole plant of the Mellett & Nichte Brewing Company, Inc., Pittsfield, Pa., on a search and seizure warrant by prohibition agents, Sept. 13, was illegal and he ordered the United States marshal who had placed guards around the property to prevent it being used by the corporation to leave the premises and turn the property over to the corporation together with every article ostensibly under seizure.

HAD NO KNOWLEDGE OF BLANKET THEFT

FREEPORT, Ill., Nov. 9.—A jury in federal court tonight returned a verdict of not guilty in the case of John C. Krause and Jesse Fallon, Beloit, Wis., garage men who were charged with receiving property stolen from the United States government. They were accused of buying about 500 blankets that had been stolen from Camp Grant in 1920. The defendants admitted buying the blankets but denied that they knew they were stolen.

DR. HURIE NOW HEADS "COLLEGE OF OZARKS"

The St. Louis Post-Dispatch Sunday Magazine in a recent issue gives an interesting illustrated story of "An Ozark Cabin and a Country College." The story tells how Mrs. Ragon, widow, and her five sons made possible the growth of the "College of the Ozarks" in a period of twenty-five years.

The college, which is located near Clarksville, Ark., represents the development of a rude log cabin to the college buildings of the present. The story has some interest in Jacksonville from the fact that the new president, Dr. Wiley Lin Hurie, is a graduate of Illinois College and well known here. Dr. Hurie's old home is at Petersburg, Ill.

After finishing his course at Union Theological seminary in New York City, he served the Church of the Covenant in New York and subsequently was in another church before receiving appointment to his present position.

The College of the Ozarks represents an effort to give college opportunities to boys and girls of poor families to work their way to a college degree.

SPEAKER ADVOCATES READJUSTMENTS IN GOVERNMENT TAXES

Would Increase on Land Rent and Decrease on Incomes

CHICAGO, Nov. 9.—Increased taxes on land rent or bare-land value and decreased taxes on incomes and land improvements were urged tonight before the manufacturers and merchants federal tax league convention by Prof. Harry Gunnison Brown of Missouri University. Such a readjustment of taxes, he said, would make it easier for the thrifty and industrious poor man to get a start in life.

"Unearned incomes should be taxed at higher rates," the professor declared. "Then earned incomes would not have to be taxed so heavily and penalize as now industry and thrift."

"Wealth received by inheritance or bequest may be taxed at a high rate without much discouraging the spirit of saving."

"The rent of land is not, like the interest on capital or the profits of business efficiency the result of labor saving. Land and sites are valuable because of natural advantages and community growth. In not recognizing the distinction between land and man-made capital, conservatives put themselves in a class with most Socialists. The heavier tax on land would make land cheaper. Speculative holding of land would be discouraged. If land values were taxed more and other things less, we might not only make our taxation system less communistic, less discriminating against success and thrift as such but might also make the getting of a start in life to the man who has nothing easier than now."

GREAT BEER CELLAR GOVERNMENT NOW IN STATE OF COLLAPSE

Movement to Re-Establish Monarchy Has Brief Existence

BERLIN, Nov. 9. (A. P.)—The great "beer cellar government" proclaimed in Munich Thursday evening with the announced purpose of regenerating Germany by demolishing the republic and restoring the monarchy had a brief existence. Tonight it lies in ruins.

Its career ended ignominiously today in communities widely different from those attending its inception, when in the fumes of beer and tobacco, the burly general, Erich Ludendorff declared that he would not flinch in the task assigned to him, even before the prospects of war with France, as Bavaria could immediately put 300,000 fully equipped men in the field.

Today Ludendorff was a prisoner of the government he aimed to overthrow. His co-adjutor, Adolf Hitler, head of the Fascist movement in Bavaria, also was captured but, according to a late report which has not been confirmed, he succeeded in escaping. It is said Hitler was wounded in fighting that followed the Putsch.

Extraordinary scenes were enacted in the now famous beer cellar in Munich during the raid. Hitler and his supporters made free use of their revolvers to obtain order; bullets were fired into the ceiling occasionally to remind those present that a revolution was in progress. Hitler's threats to destroy the treaty of Versailles, depose President Ebert and march against Berlin were received with frantic applause. General Ludendorff, who entered the hall toward the close of the proceedings was given a great welcome. He made a speech in his best "malted fist" style.

There has been absolutely no reaction in Berlin from the events in Munich. The populace appears to be taking very little interest in the affair being much more concerned in the increasing prices of food.

MERGER DOES NOT AFFECT COMPETITION

CHICAGO, Nov. 9.—Packers from the south and from Iowa today testified that they would never have known that the Armour and Morris packing companies had been merged from the character of competition in the meat and livestock markets subsequent to the merger. They were called by respondents in the Armour-Morris merger investigation which is being conducted by the department of agriculture.

J. S. Phillips of Birmingham, Ala., president of the Birmingham Packing company, said: "What the big packers do doesn't bother me. I can beat them at their own game."

STOKES REFUSED DIVORCE SECOND TIME FROM WIFE

Trial in Her Behalf Will be Instituted Next Week

NEW YORK, Nov. 9.—(A. P.)—W. E. D. Stokes wealthy New York hotel man today for the second time failed in his efforts to divorce Mrs. Helen Elwood Stokes, formerly of Denver, Colo.

The jury was out an hour and eight minutes. Mr. Stokes took the jury's decision complacently. An action for separation on Mrs. Stokes' behalf is on the calendar for next Monday.

The retrial which was ended by the verdict today opened before the supreme court Justice Mahoney on October 8. It had been made necessary by nullification thru a legal technicality of a verdict found against the wealthy hotel owner by a jury in September, 1921, when Mrs. Stokes was granted a decree of separation and permitted to retain custody of the two children. Nullification resulted from failure of Justice Finch to sign both decrees before he was elevated to the appellate division.

Stokes was granted the retrial after a long legal battle. Later he and his attorney, Daniel F. Nugent, were indicted in Chicago on charges of conspiring to defame Mrs. Stokes' reputation.

The retrial differed from the original trial in that the plaintiff's counsel confined allegations of misconduct to Edgar T. Wallace of Los Angeles, a mining engineer with business friends in the city, while at the first trial there had been a number of allegations linking Mrs. Stokes name with those of other correspondents.

The trial was marked by frequent tilts between Mr. Untermyer and Max D. Steuer, chief counsel for Mr. Stokes. The two attorneys frequently held up proceedings by hurling remarks at each other and Justice Mahoney several times intervened and threatened to stop the trial.

PINCHOT STILL AFTER ANTHRACITE MINERS

HARRISBURG, Pa., Nov. 9.—Anthracite coal operators met today with Governor Pinchot in what the governor later described as a "final conference to discuss methods of keeping hard coal prices during the coming winter at the level of last year."

At the close of the meeting the governor in a statement declared the operators had refused to commend to the anthracite industry "that it should clean its own house of the abuses which are known to exist," said S. D. Warren in a statement for the operators said the governor had presented no definite plan by which the results sought can be legally accomplished.

The governor also made public after the conference a letter to Joseph J. Walsh, state secretary of mines in which he said he had been informed that twenty percent of the coal shipped now contains an unfair proportion of rock and slate and asked Mr. Walsh to use the forces at his command to remedy the situation.

FIND TWO PLEASANT YOUTHS TOO MANY

CHICAGO, Nov. 9.—Mr. and Mrs. S. J. DeNeven of Rock Island, Ill., who were coming to Waukegan to buy a ten acre truck farm, reported to the police today that two pleasant youths who met them at the station and helped them find a hotel had robbed them of checks, liberty bonds, securities and cash valued at \$11,000. The couple said the securities represented \$5 years work.

CALIFORNIA HAS ACTIVE VOLCANO

Red Bluff, Calif., Nov. 9.—Lassen Peak the only active volcano in continental United States has been in eruption since early this morning. A rising volume of smoke and steam can be seen from Red Bluff. This is believed to be the biggest eruption for several years.

At 2 p. m. the volcano still was in eruption, throwing out steam and smoke. It was said to be the longest period of daylight eruption in several years.

GUARDS CALLED OUT TO STOP LYNCHING

Charlotte, N. C., Nov. 9.—A company of National Guardsmen was ordered sent to Nashville late tonight by Governor Morrison after authorities there had reported the appearance of a mob at the jail demanding a negro held on a charge of attacking a white woman. The mob has been led thru the jail, the governor was informed, to prove the sheriff's statement that the negro had been removed to another place.

Another Gas Drop Ordered By Standard

CHICAGO, Nov. 9.—The Standard Oil Company of Indiana tonight announced that it will reduce gasoline prices thruout most of its territory an average of two cents a gallon effective tomorrow morning.

The reduction, it was explained, was an adjustment to meet the present wholesale market which has dropped during the past several weeks, the price of crude having declined from about \$3.50 to about \$1.00.

The reduction is in addition to a reduction of 6.6 cents made about two months ago by the Standard Oil Company of Indiana after Governor McMaster of South Dakota had started to sell gasoline at reduced prices thru state depots.

At that time the company announced that it was making out to meet competition but independents declared an attempt was being made to drive them out of business.

SWEARS WALTON USED HIGHWAY DEPARTMENT CLERKS UNLAWFULLY

Other Testimony Shows Padded Payroll for Friends

OKLAHOMA CITY, Okla., Nov. 9.—(A. P.)—Clerks of the state highway department wrote thousands of letters for Governor J. C. Walton in his canvas for funds with which to fight the Ku Klux Klan, and checked an initiated petition authorizing the state legislature to meet with executive call, C. F. Bates, the department chief clerk testified today at the governor's impeachment trial.

Bates told the court that the governor has used fifteen to twenty clerks and that from 10,000 to 20,000 letters soliciting funds were written.

He testified in reply to a direct question that the checking was done at the governor's order in an effort to defeat the measure.

The charge that the governor had the petition checked by highway department clerks, thereby, it is alleged, diverting public funds from the public for which they were appropriated, was made the subject of a proposed grand jury investigation in Oklahoma City and is regarded by many as the outstanding cause that precipitated the impeachment proceedings. The grand jury was prevented from meeting by military authorities in control of the city under an edict of martial law issued by the governor. A grand jury subsequently called, now has the matter under consideration. Bates' testimony came near the close of a day devoted by the prosecution in an effort to build up its charge that the executive had padded the state payrolls and diverted public monies.

Aldrich Blake and Dr. E. T. Bynum, both executive counselors who were removed by Governor Walton; Dr. A. E. Davenport, state health commissioner, and J. R. Johnson, negro superintendent of a state orphanage also testified that the governor had interested himself in placing his friends and supporters on the state payrolls.

RUNAWAY BALLOON FOUND BY FARMERS

PARIS, Ill., Nov. 9.—What is believed to be a runaway balloon was found today on a farm near Oliver, nine miles south of here by farmers who found no trace of pilots or signs of an accident. The basket was empty and had not been damaged, said. The balloon came from the northwest flying low and finally settled in an open field. Sheriff Turner of Clark county took charge until he can learn from where it came.

FRED HIGH SPENT BUSY DAY FRIDAY

Fred High, who is here gathering material for magazine articles dealing with the facts regarding Jacksonville spent a busy day yesterday and plans a number of visits here today. He will go to Oaklawn sanatorium at 10 o'clock this morning and later will confer with representatives of the farmers and the city and county officials.

Yesterday Mr. High visited the Eli Bridge Co. plant, the Illinois Steel Bridge Co., the Powers-Begg and Swift packing plants. He also conferred with Dr. R. V. Brokaw with reference to the activities of the Morgan county health department. Later visits were paid to the Josephine Milligan school, the high school and the Ayers Bank building.

THREE KILLED; MANY BURNED IN EXPLOSION

Buffalo, N. Y., Nov. 9.—Three men were killed and 19 others, among them several city firemen were burned in an explosion following a fire tonight at the Abbott Road plant of the National Aniline & Chemical company. The dead were all employees of the company.

Dempsey is said to be very fond of hunting having paid \$200 a few months ago to have the privilege of shooting a buffalo.

GEN. LUDENDORFF AND A. HITLER HELD PRISONERS

Former World War Commander Held by Federal Troops

MUNICH, Bavaria, Nov. 9.—(A. P.)—General Erich Ludendorff today lost his second putsch within three years and tonight is observing the fifth anniversary of the German revolution a prisoner in the custody of the federal troops.

The man who as commander-in-chief of the German forces is credited with having lost the world war for Germany tonight is an ignoble prisoner of the young republic he so thoroughly despised and against the fragile existence of which he has plotted openly and in secret ever since he retired to his reactionary Bavarian stronghold.

Ludendorff and Adolf Hitler, who had barricaded themselves in the offices of the war ministry after the collapse of the attempted coup d'etat engineered by Hitler last night surrendered this afternoon to a detachment of federal troops which had been ordered by Dr. Von Kahr, the Bavarian dictator, and General Von Lossow, commander of the Bavarian reichswehr to lay siege to the building.

Previously the Bavarian government had despatched an ultimatum to both Ludendorff and Hitler, who is the leader of the Fascists in Bavaria, demanding their surrender within one hour.

There was brief fighting between the reichswehr and the Hitler guards in which a few men on both sides suffered casualties. Afterward Ludendorff and Hitler emerged from the building and placed themselves at the disposal of General Von Lossow's troops.

The status of Ludendorff and Hitler as political prisoners has not yet been defined and for the moment their capture merely marks the physical collapse of Hitler's tragicomic "putsch."

SAYS FUNCTION OF NAVY IS DEFENSE

NEW YORK, Nov. 9.—Every war plan and every strategic problem completed or in preparation for the United States navy are based on a defensive use of the fleet, Rear-Admiral J. K. Robison chief of the bureau of engineering declared tonight in an address to the society of naval architects. Speaking as a member of the navy's war plans committee he emphasized that at no time had that body been called upon to consider an offensive campaign.

"The navy is incapable of successful offensive work on a large scale," Admiral Robison said. "It is entirely a defensive weapon and we of the navy care only for the complete defense of our nation."

The principles of disarmament, carried to their logical conclusion, would give the nation with the largest merchant marine command of the seas, he asserted, warning that that the nation would not be America.

PANA HOOTCH NEARLY HALF WOOD ALCOHOL

PANA, Ill., Nov. 9.—Completed analysis today by Dr. E. R. Darling of Millikin University of a sample of moonshine liquor sold over the counter here last October by John Tokoly, soft drink proprietor, showed 45 per cent wood alcohol. The analysis will be used against Tokoly and alleged accomplices at their trial on charge of selling this liquor which caused the death of five men and the critical illness of a score of others.

WABASH PLANS CHANGE IN FREIGHT HANDLING

The Wabash railroad is soon to make a change in the handling of merchandise freight consigned from Hannibal for stations on the Keokuk branch of the road, as well as merchandise from Keokuk for the Hannibal branch. All this freight has heretofore been transferred at the station in Bluffs, a plan which has not been altogether satisfactory. According to the new plan the road will dispense with the services of the transfer agent at Bluffs, and will add two freight men at the local office. Then the transfer business for both branches will be handled from this point.

WASHINGTON MUTT DOG SHOW BRINGS PECULIAR ENTRIES

Parade is Staged to Honor Mixed Breeds and Mongrels

WASHINGTON, Nov. 9.—Pennsylvania avenue, historic pathway of mighty pagants, was today the route of the strangest one of all. It was a procession of dogs, hundreds of just plain mutts headed by a brass band, parading on their way to the Mutt Dog Show conducted by the Humane Education society.

No dog was eligible to that parade unless his family coat of arms had a bar sinister and the mutts there were on the escutcheon the higher he ranked. They pranced along as proud as kings, all sizes, colors, shapes, varieties and mixtures of breeds—just plain dogs—the kind that has made little boys and girls happy and instilled lessons of devotion and loyalty in human hearts since time began. And everyone was accompanied by somebody who loved him just as much as if he were the highest priced thoroughbred in the world.

Handsome dressed women who could afford a panorama marched proudly along with pups that were intended to be colliers but turned out to look like setters and imagined themselves Airedales. Men who looked too busy to bother about a dog walked unashamed, custodians of creatures weird and strange to the regular breeding of dogdom.

Boys and girls carried in their arms short legged mutts that (died on the way and the capital of the United States at a busy hour paused to look and reflect on a demonstration of kindness.

HARVEY PLANNING TO SPEND THANKSGIVING WITH VERMONT AUNT

Has No Expectation or Desire to Hold Public Office

NEW YORK, Nov. 9.—(A. P.)—Colonel George Harvey, recently resigned as ambassador to the court of St. James returned home today on the Aquitania planning a Thanksgiving Day trip to Peacham, Vermont, his home town, for some of his Aunt Hannah Martin's "none such" turkey and expressing a hope that the American government would play a considerable part in the proposed reparative conference of the allies.

"It's good to be home for good," said Colonel Harvey, seconded by Mrs. Harvey. "And I might say that I have no expectation or desire to hold any public office. I'm going to rest after winding up my duties in Washington." He declined to say whether he planned to revive his old publication, Harveys Weekly.

"I hope there will be a sense of rightness and judgement throughout the country that President Coolidge and Secretary Hughes ought not to be hampered in anyway in their undertaking to render a great world service. Another opposition based on suspicion of the other of them is utilizing the situation with a view to stirring the league of nations is simply idiotic and can only be brought forward for political purposes."

"Neither President Coolidge nor Secretary Hughes have full power to act for the United States would think for a moment of putting the United States into the league of nations."

"On the other hand, it is equally harmful in my judgement and wrongful for men in high positions or representative public men to undertake this undertaking and Secretary Hughes into any possibility of our cancelling our debts owed debts which, act only as an agent for the subscribers to the liberty and victory bonds."

"President Coolidge and Secretary Hughes, certainly will stand upon that attitude the same as they would stand on the league proposition."

MARRIED IN BEARDSTOWN

The marriage of Harold Perbix of this county and Miss Dorothy Bollhorst of Beardstown was solemnized in Beardstown Wednesday evening at 7:30 o'clock. The ceremony was performed by Rev. Carl D. Gallman pastor of the Lutheran church in Beardstown.

The young people were unattended. Immediately after the ceremony they left for a wedding trip to the east and will also visit friends in Champaign before their return.

The bride is a daughter of Mrs. Minnie Bollhorst, and is well known in Beardstown. Mr. Perbix is a son of Mr. and Mrs. Lewis Perbix of the Markham community.

The bride and groom are to reside on a farm in the vicinity of Markham and have the best wishes of their many friends.

NEW INVENTION MAKES POSSIBLE RADIO PRIVACY

Telegraph Key Device Tried Out With Great Success

CHICAGO, Nov. 9.—(A. P.)—Privacy in radio communication by means of a standard land-line Morkum printer-telegraph machine was demonstrated today by local experts before the annual convention of the Association of Railway Electrical Engineers.

The first public demonstration of the system which radio engineers predict will mark the beginning of a new era in wireless communication was made before the engineer's gathering today as a result of a series of private experimental tests extending over virtually a full year.

The designers of the new equipment claim for its important possibilities in the direction of extended commercial use of the ether waves for private communication, commercial telegraphing and press reporting.

The key device of the new system is a small box-like instrument weighing less than 20 pounds known as the Dunmore relay, the invention of Francis W. Dunmore a staff engineer of the Federal Bureau of Standards. This instrument transmits the radio impulses into a specially devised land line telegraph code, which in turn is recorded by the printer or ticker. In addition to the selective function as regards wave lengths, the relay also responds to definite tones, so that interference by sending station with corresponding wave lengths is reduced virtually to the zero point.

A remarkable feature of the system in that the broadcasting may be made available to many receiving stations simultaneously—or held for a single station. As many stations as are properly coordinated may receive the same message.

The first long distance experimental test of the Dunmore-Morkum system in news transmission was made last February between Chicago and Milwaukee. The Morkum company, co-operating with the Associated Press and the Milwaukee Journal tested the system first by moving the Associated Press dispatches into the Journal offices in typewritten form. The results were satisfactory to both the radio experts and the newsmen but because of several minor problems suggested by the trial, the engineers requested additional time for perfecting the system for commercial installation.

To Help Small Towns

"It is hoped that distribution of news by wireless will solve the problems of the papers in the smaller towns," said a statement made public today by Sterling Morton president of the Morkum company.

Application to the federal government for the radio-typing wave length and its assignment to a certain "band" under the department of commerce regulations will be the next step in the development of the new system, Mr. Morton said.

"The able development of Mr. Dunmore has made possible the radio receiving type equipment," he said in paying tribute to the inventor. "His device will magnify the infinitesimal currents received on the aerial sufficiently to operate the automatic typewriters. This high selectivity of the instrument rejects foreign signals and sends to the printing device only those intended for it. Radio telegraphy thru the printed word and typewritten news by radio are to come."

ACCUSED OF SELLING GIN TO STUDENTS

Springfield, Ill., Nov. 9.—Judge E. E. Bone in the Sangamon county court this morning issued a temporary writ of injunction against John S. Alexander, a local druggist, charged with selling gin to Springfield high school pupils. A hearing to determine whether the temporary writ shall be made permanent is scheduled for Thursday morning, November 15.

spelling is the goal.

Whether or not there is any
reward other than the joy of vic-

be rather enthusiastic affairs.
There is something perennially
thrilling about participation in a
well conducted spelling match.
If there were more contests such

would be an excellent thing for
the growing generation of school

since it has become the fad in

simplified spelling, but in pervert-

**THE LEARNED
HOUSEKEEPER**
Newspaper men were greatly
edified a year or so ago by a de-
cision of the federal immigration
bureau to the effect that their
calling was a "learned profes-
sion." Now it appears that the
housekeeper also is by way of
being a scholar. A statement
from the executive secretary of
the Homemakers' National Guild
says:
"When homemaking is recog-
nized as a learned profession, the
schools will be proud to accept
it as a fundamental principle in
the development of all education.
Homemakers make the schools,
and the teachings of the schools
can never rise higher than their
source."
"All homemakers intuitively
conduct their homes on the fun-
damental principle of life and
growth. If that were not true,
there would be nothing left of
human life in a few years."
The homemaker has this superi-
ority over other learned profes-
sions. Most of the others are
scholarly in only one thing. The
good homemaker has to know at
least a dozen different brands of
learning very thoroughly, and not
only to know them with her head
but be able to apply them with
her hands.

**OLD DAN'S DEFI
NEA**
Dan O'Leary, the famous long-
distance walker, is 82 years old
but he challenges all comers, re-
gardless of age, to walk 500 miles
for a side bet of \$1,000 or \$5,000.
Dan's certainly ambitious for
his years.

He has, of course, lived the life
of a professional athlete, never-
theless his excellent condition in
old age proves that most of us al-
low ourselves to become prema-
turely old by not keeping our
bodies in proper physical train-
ing.

At 82, the average man dreads
walking farther than the corner.
O'Leary's greatest stunt, years
ago, was walking 1,000 miles in
1,000 hours. Doctors had claim-
ed that such a feat was impos-
sible, that no human body could
stand the strain.

Dan did it because he had the
"nothing is impossible" attitude.
So have all people who accomplish
great things.

Our mental attitude toward an
obstacle, when we fear it, is apt
to hold us back more than the
obstacle itself.

All told, Dan O'Leary has walk-
ed more than 125,000 miles in
contests. And 26,000 of these
miles have been covered since
1908 when he passed his sixty-
seventh birthday.

You will travel a long way to
find a more interesting character
or one furnishing more food for
thought. Old age comes to all
of us, nearly always sooner than
it should. We cannot all be Dan
O'Learys. But we can keep our
bodies in good physical trim by
getting plenty of outside exercise
and fresh air and living sanely.
That is the only Fountain of
Youth—sensible living.

BERTON BRALEY'S DAILY POEM
Naked and Unashamed
BY BERTON BRALEY

Ears, they say, are in again
And girls may go about again,
And modestly begin again
To let their ears come out again.

FOR quite awhile it's been the style,
A fashion most particular,
Not to disclose to vision those
Appendages auricular
By which a perfect lady hears—
Not to disclose, in brief, her ears.

SHE might reveal from knee to heel
Her legs in silken hosiery,
Or wear a gay decolette
Which was a bit "exposure-y."
But though her ears were pink and small,
She couldn't let them show at all.

FOR they amid her hair were hid,
And in the best society
To show a mere tip of an ear
Approached gross impropriety;
And hard-boiled flappers fainting quite
If any ears appeared in sight.

BUT now at last that day has passed
When ears appeared a crudity,
Now fashions urge that ears emerge
In bold triumphant nudity;
At first, of course, we'll blush a bit,
But soon we shall be used to it.

Ears are coming in again
And women go about again,
And modestly begin again
To let their ears come out again.

**PRINTING EQUIPMENT
WILL BE MOVED HERE**
Cleverleaf Press to Receive Out-
fit Used by Company Recently
Purchased in Chicago—
Make Great Saving in Ex-
penses.

The printing equipment of the
American Bankers' Insurance
Co., of this city, is soon to be
shipped from Chicago and made
a part of the Cleverleaf Press.
Already the local firm has taken
over all the printing of the Chi-
cago company, which means a
substantial increase in work for
the press here. The additional
equipment, though not as complete
as the present Cleverleaf ma-
chinery, will be a material addition
to it.

Arrangements are being made
to ship the machinery here as
soon as possible. Four people
were employed in the printing
department of the American
Bankers' company, and the ad-
ded work here will probably
mean added employes.

The heads of the Cleverleaf
insurance firm have been in
Chicago for several days
straightening out the affairs of
their new property. Economies
in the management of the com-
pany have been effected, which
will mean a saving of at least
\$20,000 a year in the overhead
expenses. The force in the Chi-
cago office has been materially
reduced and now numbers 27
people.

"UP THE LADDER"
COMING TUESDAY
"Up the Ladder," which comes
to the Grand next Tuesday is a
play embracing many different
phases of life—from country life
to city life and back again; and
no one is more eminently fitted
to portray the necessary versatile
character than Gertrude Gustin,
who has the leading feminine role
in this production by Owen Davis.

Miss Gustin acquired a love for
sport in the woods of Canada,
where she spends her summers.
She has taken part in many a
hunting trip and has become quite
an excellent "shot." But this is
by no means her only accomplish-
ment; she is an expert pianist and
above all a skilful actress.

"Being an actress and a skilful
one," says Miss Gustin, "de-
pends mainly, I think, on the con-
dition of one's health. Those
who exercise every day, and see
that they keep in the pink of con-
dition will surely advance in their
chosen profession. Of course, I
mean the sensible actress who
couples with sport a necessary
element in one's work-a-day-life,
with assiduous application."

Miss Gustin is a Chicago girl,
being raised on the upper North
side. She went to school at the
Northwestern University and
graduated from the conservatory
of music there.

In Novel Manner—Other News
from Manchester

Manchester, Nov. 9.—The East-
ern Star members entertained the
White Hall and Winchester chap-
ters Thursday evening at their
hall here, about 125 being pres-
ent. An indoor track meet was
held and furnished a great deal
of amusement and excitement.
There were various other con-
tests and refreshments of chicken
sandwiches, salad, ice cream and
cake were served. All present
found the occasion a very pleas-
ant one.

Quite a number from here at-
tended the basketball game in
Murrayville Thursday evening,
when the local team won a vic-
tory.

Mr. and Mrs. Louis Seymour
of Nortonville and Mr. and Mrs.
Marion Smith of Morrisville are
guests at the home of Perry How-
ard.

A surprise party was given
Wednesday in honor of the birth-
day of George Cooper. Twenty
neighbors were present and they
enjoyed a very pleasant evening
together. Ice cream and cake
were served.

Mrs. Caroline Pope returned
Friday from a visit with relatives
in Nortonville.

Lloyd Johnson sustained a
broken arm Friday while trying
to crank a Chevrolet car. The
break is a bad one just above the
wrist and will inconvenience Mr.
Johnson for some time.

Mr. and Mrs. Guy Brown at-
tended the funeral of Mrs. Brown's
step-mother, Mrs. David Harris,
in Rockhouse Wednesday after-
noon.

The ladies of the Christian
church are planning their annual

food birthday cake from home,
and her many relatives, friends
and pupils very kindly remem-
bered her with a profusion of flow-
ers and other gifts.

ADDRESSING STUDENTS
Rev. H. H. Peters and Mr.
Hackleman, who are leading in
the services at the Central Chris-
tian church were present at Illi-

morning. Mr. Hackleman gave a
brief, but impressive talk about
living for others and sang the
song, "Let Me Live in a House
by the Side of the Road." Rev.
Peters, who is a graduate of Eu-
reka college and a member of the
board of trustees of that institu-
tion, gave an interesting address,
using as his subject, "Improving
Our Personalities."

POISON KILLS THIRD VALUABLE DOG HERE

Colbie Belonging to Stanley Wright Dies After Hours of Agony—Stomach Sent Away for Analysis

"Trouble," the valuable Colbie dog belonging to Mr. and Mrs. Stanley H. Wright, 471 West College street, is dead, and the verdict of two veterinarians who worked for three hours to save the dog's life, is—strychnine poisoning. This is the third valuable dog to be poisoned in this neighborhood in the past few months.

The Colbie spent Saturday afternoon in the yard and around the garage at the Wright home. Except for a half hour of freedom morning and evening, he was kept chained in the yard, never barked at autos, or molested anyone in any way. It is not known how he could have secured the poison, unless someone with malicious intent, fed the animal infected meat, or some other poisoned food.

To make sure of the cause of death, the dog's stomach has been sent to the University of Illinois for chemical analysis. The stomach of one of the other dogs which met death in the neighborhood was sent to the university, and the evidence of strychnine poison was found.

Mr. Wright is offering a reward of \$50 for information that might lead to apprehension of the person or persons who may have poisoned the dog. If it can be proven that someone is maliciously killing valuable dogs in the community, that person can be sentenced to one year's imprisonment and a heavy fine.

There appears to be no excuse for such crimes as this in Jacksonville, and the perpetrator, if he can be convicted, should be severely punished. The dog suffered hours of agony before death came as a relief. It is impossible to conceive how anyone in his right mind could be guilty of such cruelty to a harmless creature, to say nothing of the malice of robbing the owners of a valued pet.

FRANKLIN

The Domestic Science club will meet with Mrs. M. D. Henderson November 13.

Mr. and Mrs. M. G. Seymour are the parents of a son born Thursday morning.

The Freshman club gave a farewell party for Miss Zelma Toney who leaves next week to reside in Missouri, at the home of Norman Sinclair's Thursday evening with Miss Della Davis as chaperone. The evening was pleasantly spent playing rook and games. Refreshments of sandwiches, cakes, pickles, olives, candy and apples were served. Miss Evelyn Cussins and Henry Leadall won the prizes.

J. G. Bergsneider is building a new home on his farm north of town. Mr. and Mrs. Fred Bergsneider will occupy it.

600 Grace Sunday School.

BATH

Bath, Nov. 9.—Robert Lacey, an old citizen of Bath, suffered a paralytic stroke Monday and is in a serious condition at his home on the west side of the park where he and his wife had charge of the drug store here.

Mrs. W. R. Parrott was a visitor in Havana Tuesday.

H. F. Lippert and Claud Blair of Chandlerville were visitors here Sunday afternoon.

The basketball game between San Jose and Bath that was played at the Community High school building resulted in 15 for Bath and 13 for San Jose. It was a pretty close game, Bath only winning over San Jose two points.

Mr. and Mrs. William Letissier were visiting relatives in Peoria the latter part of last week.

Mr. and Mrs. Henry Lane of Sikeston visited with relatives here Sunday afternoon.

Mrs. Elizabeth Lindsley of this place, mother of Mrs. W. T. Pratt of Chandlerville, celebrated her 90th birthday anniversary last week. At noon hour a most sumptuous dinner was served to which every one present did ample justice. The dining room was prettily decorated in Halloween colors and the table centerpiece was a cake in the form of a little lamb. Before leaving in the afternoon the guests were served sweet salad and the birthday cake, which was angel food. The cake was decorated with 90 pink candles.

There were guests from Chandlerville, Bath, Havana and Jacksonville, numbering twenty-six in all. Mrs. Lindsley was the recipient of a number of useful presents, among them being several boxes of candy, some thing which she is very fond of. None enjoyed the day more than the "honored guest," who is in fairly good health considering her age. All guests upon departing expressed the wish that they might be back next year.

Miss Goldie Ketchum went to Chandlerville to spend Saturday and Sunday with Miss Bessie Johnson and attend the box supper given at the Morgan school by Miss Johnson.

LAWYER GOT AN EARFUL

"And what time did the robbery take place?" asked the lawyer.

"I think—" began the witness.

"We don't care what you think," put in the attorney, "we want to know what you know."

"Then," rejoined the witness, "might as well get down off the stand. I can't talk without thinking I'm no lawyer."—Success.

T. M. TOMLINSON

THE REFEREE By Albert Apple

Youth

This ad caught our eye in the American Boy: "Join our Boys Aviation Club. It costs one dollar. This entitles you to receive all the material, silk wing covering, plans and all for constructing a model glider, also entitles you to enter your completed model in the greatest Boys Model airplane contest."

We are not yet bald-headed, but after reading this ad we are wondering how many years we are behind the times. This new generation that's rising speaks a strange language.

Valentino

"I have only 150 suits of clothes," says Rodolph Valentino sadly. "You may think that a large number, but clothes to me are just like a pick and shovel to a laborer—they are my tools."

Even Socrates would listen to that.

Socrates also would be keenly interested in the bit of cable news describing Valentino in his boudoir, "several French journalists interviewing him on international relations." The real joke about this is that some of the politicians who actually shape "international relations" aren't half as keen and wise as the Shells.

Later

Publication of Steinmetz's will renew public amazement at the smallness of his fortune. He could have commanded a fabulous income, yet all he wanted was enough to live on. He worked hard, but for humanity instead of himself.

Difficult for our greedy individualistic generation to understand him. The Steinmetz way will be the rule, rather than the exception, in some future generation of really civilized men. How many scores of generations hence?

JACKSONVILLE BOY HEADS NEWS BUREAU

From Urbana Illinois—Organization of the University News Bureau, an organization formed to supply news of individual activities of students at the University of Illinois to the various papers throughout the state, has been completed. Thus far, 19 papers have become members of the organization and it is hoped to have every large paper in the state a member.

The bureau has arranged files including all students within the circulation range of the various state papers. When any student wins honors or participates in major activities that are of probable interest to the readers of his particular community, a story is written and mailed to the paper within whose range of circulation the student comes.

Another phase of the bureau service, is an agreement to cover for any paper that is a member of the bureau, any particular assignment at any time. A periodic news letter of general interest is also supplied to each member.

Russell M. Arundel, '26, is general editor of the News Bureau, and states that an effort will be made to extend the news scope to the circulation range of every paper having within their range, students at the University of Illinois.

The bureau is financed by a small charge on a wordage basis.

The members of the Belles Lettres society of Illinois Woman's college have set the date of their annual banquet, for this evening and it will be given at Colonial Inn.

The program for the evening will include speeches and toasts by different members of the society and a violin solo by Miss Audrey King.

Besides those of the society the guests will include the following members of the faculty: Misses Mary Anderson, Jeanette Powell, Harriet Whitmer, Mary Johnston, Nellie Boyd, Beatrice Teague, and

also Mrs. R. A. Gates and her daughter, Miss Louise Gates.

Sigma Phi Epsilon Meeting

The members of the Sigma Phi Epsilon society of Illinois college held a regular meeting at 3:00 o'clock yesterday afternoon, in the society room of Beecher Hall. The meeting was called at an early hour in order to dismiss so that all the members might attend the "pop meeting" on the foot ball field.

There was a brief business meeting during which it was decided that all the girls should help in selling white chrysanthemums at the home coming foot ball game this afternoon. The girls will all meet at Mrs. Rammelkamp's at one o'clock.

The program, which followed the business meeting was on "Bernard Shaw." Elizabeth Johnson read a very interesting biography of Bernard Shaw and Levon Shunk read one of his one-act plays.

Miss Frances Strawn, an alumnae member of the society, was a guest at this meeting.

Club Entertained

The T. T. Club met yesterday afternoon at the home of Mrs. John L. Snyder on East College avenue. The time was spent in conversation and the hostess served delicious refreshments.

The Circle in

the home of Mrs. Jess. Petefish, with eighteen members present and two visitors.

The meeting opened with a song. Mrs. Walter Long read the scripture and Mrs. O. L. Crum led in prayer. Miss Lora Petefish gave a reading entitled, "An Old-Fashioned Thanksgiving."

During the social hour the hostess served substantial refreshments in keeping with the Thanksgiving season. Guests present were Mrs. A. W. Petefish, and Mrs. Caldwell of Colorado.

Arrangements were completed for annual supper to be given by the Circle next Thursday evening. The next meeting of the circle will be held with Miss May Myers.

Party Was Given

at Spaulding Home

A number of friends gathered at the home of Mr. and Mrs. Harold Spaulding on Ashland avenue Thursday evening, in honor of Mrs. Spaulding's brother, Fred Massey. The evening was spent playing games and in dancing. Prizes were awarded during the evening to Miss Mildred Miller and Austin Cockerill. Dainty refreshments were served during the evening, consisting of pressed chicken sandwiches, cake, cocoa and apples. After a very enjoyable evening the guests departed for their homes, thanking their hostess for their hospitality.

To Give Party.

Mr. and Mrs. Harry Foster will entertain this evening about 25 of their intimate friends at their home in Alexander. Mr. and Mrs. Orville Foster of Springfield will be out of town guests.

Entertained at Dinner. Mrs. Scott P. Carter planned and entertained a number of relatives at a six o'clock dinner at her home on South Main street recently in honor of her son, Loyd Carter of Peoria, who is visiting with his mother.

ILLINOIS COLLEGE LITERARY SOCIETIES

Gamma Nu

The regular meeting of Gamma Nu literary society was held last night at the society quarters in North Crampton hall, with the following program:

Essays—Hoskins, "The Duties of the Society Officers"; Pickere, "A Man With His Nose to the Grindstone."

Declaimers—Anderson, "The Psalm of Life"; O'Brien, "The New President."

Orator—Dale, "College Spirit."

Select readers—Stanley, "Jimmy Butler and the Owl"; Park, "Too Late for the Train."

Extemporizers' subject, "Lloyd George's Visit to the United States and its Significance." Spencer and Foreman were the speakers.

Prof. Wolf gave an interesting talk on the above subject. The debate was postponed, on account of the football game today. During the business meeting there was a discussion of the library. Foreman was appointed assistant treasurer. Newman and Bolman were elected to membership. A pep song for the coming game closed the meeting.

Sigma Pi

The following program was given at the meeting of the Sigma Pi society last night:

Declaimers—Haberkorn, "A Tap on the Jaw"; Ribelin, "Tommy Adkins."

Select readers—Ulrich, "At Good Old Slawash"; Lashmet, "The Rider of the Black Horse"; Essays—Hopper, "The Evolution of Man"; Vernon, "Reasons for a College Court of Correction."

Irving, Ayers and Englebach extemporized on "Henry Ford and the Muscle Shoals Project." The debate was dispensed with, in order to welcome back old Sigs. A smoker and social hour closed the meeting.

Essays—Russel, "The Construction of the Universe"; Bergman, "Laughter."

Declaimers—Gates, "Enoch Arden" (Tennyson); Hart, "Life and Eternity."

Orator—Mabrey, "Ideals as Guides."

Select reader—Billings, "Luck" (Mark Twain).

Extemporizers—N. Henry, "Smuggling of the Chinese Into the U. S."

Impromptus were called for from: R. Henry, "Why I Came Back to Illinois"; Chaney, "Prospects for Tomorrow," and Hatfield, class of '25.

After the ordinary ten minute intermission the subject, "Resolved, that prize fighting be prohibited by federal statutes," was hotly debated. Govert and Barlow upheld the affirmative, while Howard and Snowden contended the negative. The decision of the judges was 2 to 1 in favor of the question of the difference of the question did not accompany the decision. Before adjournment G. W. Govert, prominent alumnus of the college, spoke on future plans of the society.

PAGEANT LAST NIGHT WAS MARKED SUCCESS

Great Audience Witnessed "March of the Ages" As Presented Under Direction of History Department of High School.

The historical pageant, "The March of the Ages," presented by the history department of the Jacksonville high school, last night was a marked success. Long before the opening hour the house was full, both the main auditorium and the balcony.

There was not a dull scene presented, as epoch after epoch from the semi-barbaric costume of prehistoric man to the forgiveness both in hue and quality of Queen Marie Antoinette's and Queen Elizabeth's court, from the simple garb of the Puritans to the neat uniform of the Red Cross.

The scenes enrolled before the audience as one unrolls a scroll. The pageantry was interspersed with various dances of the different periods of civilization and the King's fool was as popular with the audience last night as he was in the courts of the days of old.

The Elite Six orchestra gave a much appreciated program before the pageant began, and Miss Clara Smith presided at the piano throughout the evening, adding with appropriate music to the effectiveness of the program.

Those having the entertainment in charge deserve the heartiest commendation both for the conception and execution of the plan. As to its value as an educational feature, one can be assured that the development of the various civilizations represented will long be remembered by those who witnessed it.

Mrs. Letta Irwin Shonle, of Indianapolis, was a visitor at Illinois Woman's college during the past week. Mrs. Shonle graduated in the class of 1914 and is a member of the Board of Trustees.

DEATHS

DeVarose

John DeVarose, for 22 years a resident of this city, died suddenly at his home on Allen avenue at 6:45 o'clock yesterday morning. Death came as a shock to his relatives, as he had been only slightly ill. He complained of chills Saturday night, but was not confined to his bed during the remainder of the period until his death. Testimony of a physician at the inquest held yesterday morning by Coroner Rose, showed that death was due to pneumonia.

Mr. DeVarose was born in the Isle of Madeira and came to this country 22 years ago. He is survived by his wife, Mrs. Mary DeVarose, and two sons, Manuel and Julius DeVarose, both of this city. He was at the time of his death an employee of the Standard Paving Co. He was an industrious man and won the friendship of many in this city. He was a member of Northminster church. Funeral arrangements will be announced later.

Virgil Wallace was in the city from Roodhouse on Friday.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and six per cent common kerosene (coal oil).

The inventor, J. L. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—Adv.

ILLINOIS-WISCONSIN GAME TODAY FEATURE EVENT IN BIG TEN

Game Will be Played in the New Illini Stadium

URBANA, Ill., Nov. 9.—Big ten title aspirations of Illinois and Wisconsin hang on the game tomorrow in the new Illini stadium. Neither team has suffered defeat this season altho Minnesota held the Badgers to a scoreless tie two weeks ago at Madison.

Upliftedness between the two schools, as a result of the disqualification of E. C. Gerber, Wisconsin tackle, for alleged professionalism, and subsequent insinuations that "Red" Grange, Illinois halfback had played for money has subsided with explanations from Illinois that the charges against Gerber did not originate in Urbana and assurances from Wisconsin that the baseless rumors concerning Grange were not started on the Badger campus.

It will be a stiff test for coach Jack Ryan, in his first year at Wisconsin. He is facing Bob Zuppke, admitted to be one of the best football strategists in the conference and spotting him a little advantage in material. Both Illinois and Wisconsin have shown a husky line in previous engagements but the presence of the sensational Grange gives the Illini the edge in the backfield.

Gerber's backfield job will be taken over by Benson, a sophomore. Schneider, Wisconsin quarterback who has been down with the flu since the Minnesota game will probably be back in the lineup tomorrow.

This is to be "Dad's Day" at the University of Illinois the students holding open house for their fathers.

In addition members of Kiwanis and Rotary Clubs throughout the state will watch the game from secretaries reserved for them.

More than a thousand Wisconsin students and alumni will come from Madison and Chicago to back their team. Ticket sales to date have totalled \$18,000, but gate sales tomorrow are expected to raise this to \$25,000, although less than half the number which saw the opener against Chicago last week.

The probable line-ups:

Illinois	Pos.	Wisconsin
Rokusek	Left end	Irish
Crawford	Left tackle	Below
McMillen	Left guard	Bieberstein
Green	Center	Teckemeyer
Miller	Right guard	Nichols
R. Hall	Right tackle	Bentson
Richards	Quarterback	Nelson
H. Hall	Right halfback	Neider (C)
Grange	Left halfback	Holmes
McIlwain	Right halfback	Harris
Britton	Fullback	Taft

PLANS COMPLETE FOR GRAND HOMECOMING

Harmon's Blue and White in Fine Fettle for Their Tilt This Afternoon with Eureka—Won Last Two Games

Plans are complete for the big Homecoming football game with Eureka college this afternoon at 2 o'clock. The weather man is supplying one of the finest days in his assortment. The field is dry and lightning fast. All of the Illinois players are in the best of condition to play the game of their lives.

In the game with Monmouth last Saturday the Blue and White boys missed the services of Jack Roberts in directing the team and in kicking. Beecher, the Yorkville boy who filled Roberts' place a week ago played well and with this week's practice behind him can be depended upon to deliver in real style this afternoon.

Capt. Riess, the East St. Louis husky, has parted company with his many troublesome boils and Illinois rooters expect him to play this afternoon as he has not played before this season.

Gard, the Jacksonville tiger who plays the other tackle will soon teach the Eureka boys that ground gained thru his position will be so meagre as not to pay for the effort.

PRINCETON-HARVARD GAME HOLDS MAJOR INTEREST IN EAST

Games Today Will Have Little Bearing on Eastern Title

NEW YORK, Nov. 9.—(A.P.)—The first of the "big three's" gridiron battles, with Harvard flaunting its crimson banner before the Princeton tiger in the latter's lair and eight clashes between intersectional foes, hold the spotlight in the East's football program tomorrow.

The Princeton-Harvard Tussle in Palmer Memorial stadium where probably 55,000 will be massed in the horseshoe-shaped structure, holds major interest chiefly because of the rivalry between these traditional opponents for the outcome will have little or no bearing on championship aspirations outside the "big three."

Both elevens have disappointing seasons, both have been tied and defeated, but when such ancient foes as the Tiger and Crimson get together past performances mean little. On form they appear closely matched and critics regard the outcome as a toss-up.

Unless startling upsets occur none of tomorrow's games will have a vital bearing on eastern championship hopes for all three of the leading contenders, Cornell, Yale and Syracuse—have comparatively easy tests. The powerful bull dog army faces the stiffest opposition in Maryland.

Gil Dobie's "red tornado" from Ithaca should have little difficulty marching to victory against Columbia's Haughton-Coached outfit at the Polo Grounds, while Syracuse, its goal line uncrossed so far, expects to take the measure of Boston University in the upstate city.

Sharing intersectional interest with the Yale-Maryland game, Penn State will grapple Georgia Tech at State College, Pa. A third southern eleven comes north to battle when Richmond University opposes Rutgers at New Brunswick, N. J. Brown and Dartmouth appear closely matched for their engagement at Boston, while Penn which has shown rapid improvement holds an edge on Lafayette in their struggle at Philadelphia.

Fordham faces formidable opposition from its rival, Holy Cross in their game at the Yankee stadium, while Williams is conceded an advantage over its New England foe, Wesleyan at Middletown, Conn. West Virginia's undefeated eleven faces strong opposition in Washington and Lee at Charleston, W. Va.

SPRINGFIELD HIGH MEETS J. H. S. TODAY

Game Will be Called at 11 O'clock This Morning on College Field With W. T. Harmon as Referee—Locals Have Winning Chance.

The game this morning between Springfield high and Jacksonville high on Illinois College field is sure to be a very interesting game on account of the fact that since the beginning of time there has always been a natural rivalry between these two schools on the football field. Jacksonville was defeated last year, mainly, it was believed on account of the late Captain Hunt being out of the lineup. This year, more's the pity the same condition exists, but from other dope obtainable, Jacksonville should be able to go in and win if they play ball every minute. Jacksonville was defeated by Peoria Central and Springfield bowed down to Carlinville on an 18 to 0 score. Carlinville is considered one of the strong teams and so is Peoria Central who handed it to us to the tune of 20 to 0. So there you are, but the fact should not be overlooked that rooting helps to win football games. Coach W. T. Harmon will referee the game.

Coach John Mitchell announces that although Trahey, Malory, Robert Reid, and Ransdell will probably get into the game before the finish, the following will probably be the starting lineup: Barr, le; Hopper, lt; Curtis, lg; Smith, c; Adkins, rg; Dewese, rt; Sanders, re; Arnold, qb; Harrison, lb; Corbridge, rrb; Johnson, fb.

TIGERS WILL MEET AUBURN HIGH TODAY

The I. S. D. Tigers leave this morning for Auburn where they engage the High school team of that place on the grid this afternoon. It is reported that Auburn has a much better team than usual this year, and as a result Coach Robey Burns expects a very tight tussle, but expects to bring home the heavy end. Several changes have been made in the lineup different ways in an attempt to more nearly approach a perfect functioning team.

The start-off will probably show the following in the lineup: Taylor, le; Jones, lt; Tillman, lg; Sellers, c; E. Carlson, rg; Wolz, rt; Dillard, re; Miller, qb; Clark, lb; Rose, rrb; Crabbe, fb; subs, Cehroder, Knapp, Weiler, Quinn, Balm, Loomis, and Ford.

ASHLAND CANCELS GAME WITH ROUTT

The game between Routt and Ashland high school teams which was to have been played this afternoon, has been called off by Ashland. The backfield of the Cass county team has been shot to pieces, and the team disrupted by injuries received by a number of players. Others, it is reported, have failed to meet the required standards of scholarship and have been barred from the team.

Coach Coonan's men were ready for the game, but they will have to wait for the next contest on their schedule in order to show their strength.

CHAMPIONSHIP RACE WILL BE REDUCED AFTER TODAY'S GAME

Illini or Badgers Will be Counted Out Unless a Tie Game

CHICAGO, Nov. 9.—(A.P.)—Championship contenders for the 1923 "Big Ten" gridiron title will enter the last lap of the race tomorrow with Wisconsin and Illinois meeting in the new \$2,000,000 memorial stadium at Urbana in the most important combat of the day's schedule.

Other big ten teams also will be occupied but in games having no bearing on the championship. Chicago is a topheavy favorite to defeat Indiana at Stagg field, while Purdue appears to have the edge on Ohio State at Lafayette. The powerful Michigan eleven will engage the Quantico Marines at Ann Arbor, while Northwestern will face Lake Forest at Evanston.

Minnesota and Iowa having 17 games scheduled will tune up on their home fields tomorrow in preparation for their game at Minneapolis a week later.

Outside the conference Notre Dame and Nebraska promises to furnish a rip-roaring battle on the Cornhuskers' home grid. Notre Dame, boasting victories over Princeton, the Army and Georgia Tech, is determined to square accounts with the 1922 champions of the Missouri Valley conference for the 14 to 0 defeat of a year ago. The battle will be fought before a capacity crowd in Nebraska's new uncompleted stadium. The Illinois-Wisconsin game is expected to draw 35,000 to 40,000 spectators.

If Illinois goes down to defeat, they will be out of the running for the championship and Wisconsin will be in line to stage the biggest game of the season in "big ten" circles when they line up against the undefeated Michigan team a week later.

The Badgers in spite of their loss of their star lineman, Gerber are confident they can put a blot on the otherwise clean Illini record. The game promises to be a battle royal from the start to finish between two fast backfields, the Badgers facing the difficult task of stopping the fleet "Red" Grange, the west's leading scorer which past opponents of Illinois have failed to do.

Coach Ryan's Badgers have had two weeks of careful preparation for the Illinois engagement and every member of the team is in condition, for a grueling contest.

Market Report

By The
Associated
Press

MARKET STILL HAS
UPWARD TENDENCY

FINANCIAL
Total stock sales 1,216,000
shares.
Twenty industrials averaged
91.12; net gain .42.
High 1923, 105.38; low
85.76.
Twenty railroads averaged
83.03; net gain .40.
High 1923, 90.51; low 79.53.

NEW YORK, Nov. 9.—The
main upward movement in the
stock market was maintained to-
day despite the unfavorable over-
night political news from Ger-
many and intermittent profit-taking
in the recent leaders. While
futures and the foreign exchanges
fell sharply on the German news
the stock market virtually ignored
it and continued to respond to
constructive domestic develop-
ments.

Total sales again approximated
one and one quarter million
shares.

Buying in today's market was
influenced by the announcement
of an intensive development pro-
gram next year by the American
Railway association, high brass,
copper, zinc and refined sugar
prices and reports of a continua-
tion of unusually heavy freight
traffic.

General banking was pushed up
nearly 21 points to 1031 in specu-
lative expectation of an extra dis-
tribution to stockholders before
Christmas time.

U. S. Steel, Baldwin and Ameri-
can Can closed fractionally lower
due largely to a heavy volume of
week end profit-taking. Baldwin
previously had touched a new
high of 126 1/2 on the current move-
ment.

Studebaker, selling ex-2 1/2 per
cent dividend showed a small net
gain on the day. Stromberg Car-
buretor, up 3 1/2 points was the fea-
ture of the motor group.

Copper shares made a quick re-
sponse to higher metal prices.
Oils shares held relatively firm
despite further readjustments in
crude oil prices.

Railroad shares continued to
lag behind the industrials al-
though there were a few strong spots,
notably Jersey Central, which
jumped 7 points and Delaware &
Hudson, which climbed 2 1/2.

"Seco" which has been heavy
lately, dropped to a new low re-
cord for the year.

The market for active U. S.
Liberty bonds was little affected
by the day's news, closing prices
being near the final levels of yes-
terday.

Total sales (par value) \$10-
465,000.

R. PETERS ADDRESSED ROTARY CLUB

olden Rule His Theme at Friday Luncheon—Club Received Souvenir Gift From District.

A Rotary bell was on the table for the first time at the luncheon of the Rotary club held Friday at the Pacific hotel. His handsome bell, which is used as a gong, is made in brass and surmounted by a Rotary emblem, is the gift of the clubs of the Jacksonville district to the Jacksonville Rotary.

The letter accompanying the gift indicates that the district conference held here the last week in August, was considered a successful event by the presidents and secretaries in attendance, and the bell was sent in recognition of the courtesies extended at that time.

Dr. A. H. Doller, president of the Jacksonville club, presided yesterday and introduced as the principal speaker of the day Dr. H. H. Peters of Bloomington, who is here conducting evangelistic services in Central Christian church. Altho Dr. Peters was introduced to talk on the theme "The Golden Rule," he said that he had no thought of preaching a sermon. However, he did in a very personal and forceful way emphasize the need for unselfish service, and spoke optimistically of the way that

this idea has grown in passing years.

He said that the original idea even in business was self-preservation. Then had come the thought of social well-being and then the modern rule which today is interpreted in many ways but to the same end.

Dr. Peters is not a Rotarian but he credited the organization with exerting a most helpful influence in injecting into business the spirit of fairness and practices which are in contrast with merely the self-preservation idea.

In the earlier part of the program W. E. Hackelman of Indianapolis, who as a singer is associated with Dr. Peters in the special services here, sang two solos very acceptably and then with Mr. Metcalf aided in leading the mass singing.

Announcement was made by Frank J. Heintz of the Springfield club has invited Jacksonville Rotarians to attend a meeting there December 3 and practically every member of the local club indicated the intention to attend.

The president announced as additional members of the Rotary club house committee J. C. Pierson, H. L. Caldwell, B. O. Roodhouse and W. T. Harmon. One of the guests of the day was H. E. Clegg of Channahon, Ill.

Rotarians are justly proud of the emblem which has come from other clubs of the district. The letter from Governor "Jim" White accompanying the gift reads as follows:

Dr. A. H. Doller, President Jacksonville Rotary Club, Jacksonville, Ill.

You will receive within a few days from the Gorham company a Rotary Bell inscribed as follows:

"From the Rotary Clubs of the Forty-First District to the Jacksonville Club, hosts to the district Executives conference, Aug. 26-28, 1923."

I hope it will not only recall a most successful occasion but that it will be a constant reminder of each member's responsibility to help spread Rotary Fellowship not only in his own community but thruout the district, the state, the nation and overseas.

Executive conferences, intercity and district meetings and the international convention are not only Rotary Revival meetings but are schools of instruction in Rotary. Make these meetings successful and Rotary will not lack for missionaries.

Rotarily Yours,
Jim White
Governor Forty-First District.

WOODSON NOTES
Sunday school and preaching services will be held at the Presbyterian church Sunday morning at the usual hour. Rev. A. K. Rule of Illinois college will be the preacher on this occasion.

Miss Marguerite Steinmetz spent Friday evening as a guest at the home of Mr. and Mrs. Lee Davis in Jacksonville.

The Missionary society of the Presbyterian church met Thursday afternoon at the home of Miss Maggie Reynolds, to help her celebrate her 86th birthday.

There was a good attendance, and a substantial sum was secured thru a thank offering. Light refreshments were served.

Mrs. Harriet Coffman of this city is spending a few days as the guest of Mr. and Mrs. Ed Gallagher in the Woodson community.

MISS LUCY BARR AT JOURNEY'S END

Death of Well Known Resident Occurred Friday Morning—Interment Will be Made Sunday in Carrollton.

Miss Lucy Barr passed away at 3:30 o'clock Friday morning after a long period of illness. Early in the year Miss Barr became ill and within a short time the seriousness of her condition was realized. Afterward she gained strength for a time but a period of relapse came and for months past she has been a hospital patient and friends and relatives realized that the end would not be long delayed.

Miss Barr was born in Carrollton June 10, 1855, the daughter of William T. and Mary S. Barr. When she was a child her parents removed to Jacksonville and the family was prominent in the history of Morgan county.

Miss Barr was educated in local schools and spent practically all her life in this city. She was known as an unassuming friend and the kindly interest she had in her friends gave her her esteem and good will.

Surviving are two brothers, Hugh Barr of Davenport, Iowa, and William Ki Barr of Mobile, Ala. S. O. Barr, another brother, died within recent weeks.

The funeral service will be held Sunday morning at 9:30 o'clock at the home of Mrs. S. O. Barr, 1209 West State street. Afterward the remains will be taken to Carrollton for interment.

BIRTHDAY PARTY FOR FRANKLIN MAN

George Calhoun, residing two miles southeast of Franklin, was pleasantly surprised Thursday evening when a number of friends dropped in to help him celebrate his birthday. The evening was spent in playing rook, and substantial refreshments were served. The affair was arranged by Mrs. Calhoun.

Guests present included Gus Seymour and family, B. Wright and family, Mr. and Mrs. Grover Cromwell, Mr. and Mrs. Finas Seymour, Mr. and Mrs. Ben Foster, Mr. and Mrs. Frank Tribble, Mr. and Mrs. Dessie Covey, and Tilman Calhoun of New Orleans, La.

The home talent play "Grandpa's Adventure," given at Franklin last night, was given before a packed house. Standing room was at a premium in Marquette hall. After the play, the members of the cast and many of the audience enjoyed a dance in the hall.

FUNERAL NOTICES

Funeral services for Rev. W. S. Phillips will be held in this city at Centenary M. E. church at 2:30 o'clock Sunday afternoon, with interment in Diamond Grove cemetery.

Funeral services for Mrs. Minty Angelo will be held at 9:15 o'clock Sunday morning from the Gillham Funeral Home, in charge of Rev. G. W. Randle, with interment in Jacksonville cemetery.

Services in memory of the late Samuel W. Groves will be held at 2:30 o'clock Sunday afternoon from the Gillham Funeral Home, in charge of Rev. M. L. Pontius, with interment in Jacksonville cemetery.

The funeral of Mrs. Loudevina Munis is to be held at 2:30 o'clock this afternoon from the Gillham Funeral Home, in charge of Rev. W. E. Spoons, with burial in Jacksonville cemetery.

Funeral services for Michael Carroll will be held at 10 o'clock this morning from the Church of the Sacred Heart in Franklin, with burial in Franklin cemetery.

Funeral services for Miss Lucy Barr will be held at 9:30 o'clock Sunday morning from the residence of Mrs. S. O. Barr, 1209 West State street, after which the remains will be taken to Carrollton for interment.

INSURANCE FIRM PLANS FAMILY DINNER
The Spink, Strawn & Spink Insurance Company, Managers for the Columbia National Life Insurance Co. of Boston, Massachusetts are planning an all day's "Get-Together Meeting" Tuesday Nov. 13. The out of town and city agency force will gather at the offices of Spink, Strawn & Spink in the Hockenbush building in the morning when informal discussions will be held regarding the company's work. At noon a luncheon at the Peacock Inn will be served, after which the guests will hear of the convention held within recent weeks at Boston, at which the local agency was represented by Earl M. Spink a member of the Star Producers' club.

The reports of the convention are out and bear both the address of Mr. Spink and Mrs. Dan-kon, which are very creditable. The local agency feels very proud of its representatives and feel that the meeting will bring the work of the company to closer range with a talk from delegates having gotten first hand information.

Roodhouse was represented in Jacksonville on Friday by A. B. Crane.

"Adventures of Grandpa" laughable 3 act comedy tonight, Marquette Hall, at Franklin.

TO PRINT 50,000 COPIES OF ARTICLE

Local Kiwanis Club Orders Folder of Story Published in Rotary Magazine—High to Distribute More Publicity.

The local Kiwanis club has authorized the printing of a four page folder containing Fred High's article on Jacksonville published in the October issue of the Rotary magazine. The Rotary publishers have given permission for the use of the cuts and printed material. Forty thousand copies of the folder will be printed, and the work is already on the press.

The local club has undertaken this work as a new publicity movement for the city. Mr. High says he intends to give the folders wide distribution, using them in every meeting he addresses.

DR. PETERS PRESENTED UNUSUAL THEME

Evangelist Heard by Large Audience Friday Night at Central Christian Church—Special Effort Will be Made to Increase Sunday School Attendance.

At the evangelistic service at Central Christian church Friday night the evangelist, Dr. Peters, presented the rather unique theme of "Living on Bread and Water." The interesting presentation was preceded by a half hour's study on the subject of evangelism. The special class for this study meets for 30 minutes before the sermon hour each evening.

Announcement was made of the special services for Sunday. The purpose is to increase the Sunday school attendance to 20 per cent for each Sunday, thereby more than doubling the attendance during the period of the special meeting.

During the service last night two responded to the gospel invitation. Dr. Peters said:

"Scientists tell us that it is entirely possible to live on bread and water. That there is more wholesome nourishment in real bread and pure water than in any other two items of diet. This is not a lecture on dietetics, but a message on an even more definite need than the feeding of our bodies. It has to do with the sustaining of the soul."

"Jesus pronounced a blessing on those who hunger and thirst after righteousness. In some ways he would have us understand that the desire for food and water is symbolical of the longing of the soul for God."

"Jesus made happiness the goal of the soul and the end of life. We may be wrong in the things in which we seek for happiness, but the desire for the blessed life is the most fundamental longing of the soul. The Beatitudes are blessings and point the way to the end of being."

"Jesus couched his message in terms of intensity. Christianity is a religion of verbs. Among the great words of the Gospel are these: Ask, seek, knock, come, love, say, hunger and thirst. We are admonished to hunger and thirst after righteousness."

"Thus Jesus stated religion in the strongest terms possible. The desire for Christ is like the longing of the body for food and drink. As a hungry man takes food for nourishment, and the famishing man water to quench his thirst so the soul longs for Christ, the bread of life and the water of salvation."

"Two of the most striking symbols used to tell the story of our Lord are bread and water. 'I am the bread of life. He is the water of salvation. He says again: 'I am the bread of life: he that cometh to me shall not hunger, and he that believeth in me shall never thirst.' This is a rather mystical conception of Christ. But when we approach it thru the symbolic significance of bread and water the meaning is clear."

"It is not an accident that Jesus thus refers to himself. There comes to us a new meaning of the Beatitudes as we read it now. 'Blessed are they that hunger and thirst after Christ, the Bread of Life and Water of Salvation, for they shall be filled.'"

"Yes, 'They shall be filled.' Christ will satisfy. He meets the demands of fame, honor, position, money, glory, nor honor, nothing that this world can give will satisfy. He is the hope of our hearts; the Savior of our race. He is the bread of life and the water of salvation. This simplifies our religion and makes its relationship to Jesus Christ."

WILL OBSERVE EDUCATION WEEK
The public schools are expecting to observe American Education Week during the week beginning Nov. 19. As the High school teachers will be attending the conference in Champaign on Thursday and Friday of that week efforts will be centralized on the first three days.

Monday is designated as Constitution Day; teachers have all been provided with copies of the Constitution, published by the American Defense Society.

Tuesday is designated as Patriotism Day. On this day the children of the public schools will hear the story of the flag and will discuss the active interest, which all citizens should take in governmental affairs. Patriotic hymns will be sung in the schools throughout the week.

The program for Wednesday has not, as yet, been definitely worked out.

Miss Thelma Litter of Litterberry is spending the week end as the guest of Miss Elizabeth Martin in this city.

Mr. and Mrs. E. M. Dale and daughter Stella were shoppers in Jacksonville yesterday from Virginia.

STOCK SHIPMENTS BY JOINT PLAN

Report Made of Extensive Business Done by Local Association in Past Year.

F. V. Correa, who is manager of the Morgan County Shipping association, has recently made his annual report. The record shows that during the year Mr. Correa has carried on extensive business operations for farmers who have found this co-operative shipping plan very satisfactory.

The value of livestock shipped by the association has been in excess of \$35,000.

The first shipment of cattle made under the present manager was on Nov. 1st, 1922. During the past twelve months two hundred and twenty-three cattle were shipped, consisting of 71 cows, 59 heifers, 9 bulls, 36 steers and 48 veals, netting the farmers clear of all expenses \$7618.42.

The first shipment of hogs was made Dec. 13th, 1922. During the past twelve months there were 1839 hogs shipped, consisting of 1646 young hogs, 157 packers, 16 stags, 2 boars and 9 pigs.

The highest cost of shipment was sixty cents per hundred, and the lowest cost thirty-seven cents per hundred; the average cost for the year was forty-eight cents per hundred.

The farmers received for these hogs \$28,028.68. During the year there were only three dead hogs which were paid for promptly by insurance.

The grand total received by the farmers for cattle and hogs during the twelve months is \$35,647.10, clear of all expenses.

All consignments were made to the Producer's Livestock Commission Co. And those who shipped before the first of the year received 30 per cent rebate, while those shipping this year will receive 40 per cent or more at the end of the year, because of the greater amount of business done this year.

The manager has several times advised the farmers to sell at home when he thought they were bidding better prices at home than at St. Louis. F. V. Correa has a complete record of all out going shipments and all returns, and will be glad to show them to any one who is interested and also answer any questions pertaining to same.

The following is the list of the consignors, some of them shipping several times, thereby getting better markets:

MAY ASSESS PROPERTY FOR MAIN PAVEMENT

Petition Filed with County Clerk by South Jacksonville Board for Appointment of Commissioner

S. L. Perry, president of the village board of South Jacksonville, has filed with County Clerk Riggs a petition for appointment of John R. Godfrey as commissioner to assess the property of the village contiguous to South Main street from East Michigan avenue to Vandalla road. It is proposed to construct a pavement on South Main between these two limits at an estimated cost of \$66,332.28.

It is proposed to assess the property of the village \$17,736.14 and to raise the remainder of the cost by the issue of six per cent bonds. The assessment would be payable in ten installments.

The petition is accompanied by blue prints of the projected pavement, drawn by the Caldwell Engineering Co. It is probable that the county court will take action on the petition today, and if it is favorable, the assessment can be made immediately, and no doubt construction of the pavement will begin in a few months.

MAY WIDEN STATE STREET PAVEMENT

Property Owners in One Block Have Plans for Cutting Out Trees and Increasing Pavement Space.

The weather this week has been very favorable for the progress of street paving operations. Mr. Thatcher of the Standard Paving Co. believes that the West State street work will be certainly completed by the first week in December, and at somewhat earlier date if good weather conditions continue.

Property owners on the north side of the street in the block beginning with State Street church and extending to the Gillham Funeral Home, are very much in favor of widening the pavement in that block about three feet. The present paving plans will reduce the width of the boulevard space to about three feet. With the pavement on all sides the trees in the boulevard are certain to die and the property owners believe that these trees should be taken out and the pavement made flush with the sidewalk. This would provide for additional parking space and aid traffic in the block considerably.

The pavement would also conform in width to the pavement abutting the court house block. If this work is done some additional time will be required and the expense will be borne by the abutting property under a separate agreement with the contractor.

C. H. Swaby's Produce Co. has moved to 238 North Main St., Opp. Cherry's. We handle groceries.
